

Design your own tractor sculpture

Step 1. Print out the Tractor template – we recommend you print on thin card to make the model stronger

Step 2. Design and colour in your Tractor Sculpture

Step 3. Cut the tractor out along the solid black lines

Step 4. Fold along the dotted lines (don't fold the steering wheel)

Step 5. Cut the little black slit out, slot the exhaust pipe in, and stick underneath with tape

Step 6. Using glue, stick the tab underneath the tractor to secure it in place

Models created by children in years 3 to 6 can be entered into the Winterton Agricultural Show Enterprise Tent, entries must be submitted before 2nd July 2018 for more information please see our website www.winterton2022.org.uk
